## **Quebec's *Le Royal Champêtre B&B Gîte* - Winner of multiple awards from Travel & Hospitality, two years in a row!**

**Birmingham, UK – September 18th, 2019** - Travel & Hospitality is pleased to announce that *Le Royal Champêtre B&B Gîte* has been selected as the winner of the Award for Excellence in Service in Canada by the Travel & Hospitality Awards as part of their annual Americas program. In addition, its owner, Ms. Brigitte Bélanger has also won The Award for Leadership and General Management Excellence for her exemplary management skills.

Competing against a wide number of properties across Canada, *Le Royal Champêtre B&B Gîte* impressed the judges with its excellent customer service, fresh and locally produced breakfast, outstanding location and positive online ratings. It's due to these numerous reasons that it has won awards for two consecutive years.

"It's very rare to find such frequent positive feedback about a single property or person. It was very clear to me that Ms. Bélanger plays a crucial role in managing the property and she definitely deserved an award for the same." said Azim Aftab, Director of Sales and Marketing for Travel & Hospitality.

"I am extremely pleased to be recognized for the second consecutive year for this most prestigious award. I am passionate about the service I offer my guests, and am thrilled to be recognized for that. What I truly enjoy is greeting and meeting people from all over the world. To be able to give them the desire to visit Quebec City and the Côte-de-Beaupré brings me a lot of pleasure. In turn they are delighted and I can only thank them for encouraging me with this award", added Ms. Bélanger.

A **press conference** will be held on October 24th at 10:30am at *Le Royal Champêtre B&B Gîte*.
